

**FIRST**  
ROBOTICS  
COMPETITION

# Miami Valley Regional March 27- 29, 2025 Cintas Center Cincinnati, Ohio

AGES  
14-18\*

GRADES  
9-12

We express the *FIRST* philosophies of *Gracious Professionalism*® and *Coopertition*® through *FIRST* Core Values:

- **Discovery:** We explore new skills and ideas.
- **Innovation:** We use creativity and persistence to solve problems.
- **Impact:** We apply what we learn to improve our world.
- **Inclusion:** We respect each other and embrace our differences.
- **Teamwork:** We are stronger when we work together.
- **Fun:** We enjoy and celebrate what we do!

***We hope you  
can join us!***

Each year brings a **new challenge** for *FIRST*® Robotics Competition teams.

Team members design and build a competitive industrial-sized robot using sophisticated hardware and software technology to meet the challenge. Students experience real-world engineering and entrepreneurship. Each team competes for judged and competition awards during the action-packed multi-day event with 50+ other teams.

*FIRST* Robotics Competition is a sport where all participants can choose to become a professional.

**“It’s like life. You never have enough information. You never have enough time. The kit of materials may be what you have in the warehouse. There are always people doing competing things and you must have a strategy. We’ve created a microcosm of the real engineering experience.”**

— WOODIE FLOWERS (1943 - 2019)  
FIRST DISTINGUISHED ADVISOR
